

Darbydale Family Newsletter 1/27/17

After School Clubs: After school clubs begin next week. Notices went home yesterday stating which club your child is in if you signed up. Please note that there is no coding club this week. Again, thank you to all of the volunteers that are making our clubs possible and for PTA for purchasing materials!

4	Robotics	Thursday	2:35-3:45	2/2, 2/9, 2/16, 3/2, 3/9

Become a Darbydale PTA Member: It's not too late. We have many events planned for the rest of the year and would like input from more families. We have set a goal of 100 PTA members by February 2nd. If we reach our goal, the students and staff will have a crazy hair day on the 100th day of school. You can become a member by clicking on the following link: <https://darbydalepta.cheddarup.com>

Darbydale Family Fitness Night: The Darbydale PTA is planning a Family Fitness Night for Friday, March 3rd. We are looking for people, businesses, and organizations interested in sponsoring a fitness room. In the past we have had the YMCA, Zumba instructors, and gymnastic demonstrations. Please fill out the survey below if you are interested or you know someone who might be interested. Thanks!

[Darbydale Family Fitness Night Survey](#)

Darbydale Family Dance: We will be hosting a Darbydale Family Dance on Friday, February 17th from 7-8:30. Every child must be accompanied by an adult for this event. Come and dance the night away!!

In the Classroom: After responding to "Dr. Brown's" request for help on a fossil dig, to answer questions about Ohio's past environments, Mrs. Foster's room became official paleontologists to uncover Earth's buried mysteries. Multiple fossils were discovered, identified and dated from

youngest to oldest. Students are sending the data collected and evidence of their findings back to Dr. Brown so he may continue his research.

In Mrs. Roberts 2nd grade classroom, the students performed "Contraction Surgery" where their patients came in as two words, such as "can not" and they had to perform surgery and go in and remove the letters needed to make a contraction. After surgery, since some patients would require more rest as they had more letters removed (second word of "would" versus second word being "is") so they then worked together to sort their patients as well. They did amazing with this and were all very engaged!

Upcoming Dates

- Feb. 10 Valentine Parties
- Feb. 17 Darbydale Family Dance
- Feb. 20 No School
